TWO INJURED IN AUTO COLLISION SATURDAY.

An automobile containing Mrs. Frazier Lebus and Rasty Wright, both of Lexington, collided Saturday afternoon, with a machine in which C. Wright, Mrs. Ollie McCarty and her seven-year-old son, Wilson Douglas Barlow, of Paris, were riding. Rasty Wright sustained a badly fractured leg and Mrs. Lebus a deep cut on the chin, besides numerous bruises about the body. The little boy was severely shaken up. The accident occurred at a point on the Lexington pike, about two miles from Lexington. The others escaped injury. The injured were taken to the Good Samaritan Hospital, where their injuries were dressed. Mrs. Lebus was removed to her home.

Mrs. Lebus was driving a new Packard car. With her, besides Mr. Wright, was Misses Frances and Mary Calder, both of Lexington. The Paris party were in a Buick touring car. In attempting to pass the Lebus car the Paris car skidded and turned completely around, striking the Lebus car. Both cars were badly damaged. This is the third time within a year that Rasty Wright has had his leg broken. Last summer his right leg was broken while he was playing baseball, and in January his left ankle was broken when a party of which he was a member was struck while sleigh riding on Cramer avenue. All the parties declared the accident to have been unavoidable on account of the roads being smooth and wet.

FUGITIVE ARRESTED

June Riggs, of Paris, who on Monday night escaped from Winchester police while under arrest on a charge of having whiskey in possession in local option territory, was arrested in Paris and taken back to Winchester by Patrolman Strode, of that city. Riggs and a young man named Joe Miller, both of Paris, were arrested for having ten gallons of moonshine in their possession. While officers were examining their outfit Riggs escaped.

DEATH RIDES WITH HAYES AS GUEST

Little did Wm. Hayes, of Maysville think, when he left Nicholasville, early Friday morning, that he would ride into Paris with a corpse as a guest. Death rode with Hayes, bringing his companion, Charles C. Kuhn, of Maysville, into Paris dead.

Kuhn and Hayes, both of Maysville, had been employed at the Lexington Club Distillery, in Jessamine county, Hayes as assistant superintendent, and Kuhn as guard. Mr. Kuhn had been ill for several days, and expressed a desire to reach his old home in Maysville.

They left Nicholasville at 3:30 o'clock Friday morning, driving through in Mr. Hayes' car. When the car reached the corner of Fifth and Main streets, Mr. Hayes noticed his companion had collapsed in the seat beside him. Stopping the machine he asked help of two men who were coming to work. The stricken man was hurried to the office of Dr. J. T. Brown. After an examination Dr. Brown pronounced Kuhn dead, death, in his opinion, being due to neuralgia of the heart.

Coroner Rudolph Davis was notified of Kuhn's death and immediately conducted an investigation, deciding that a formal inquest was unnecessary.

The body was removed to the undertaking establishment of Geo. R. Davis, and prepared for burial. Relatives in Maysville were notified and the body was turned over to a Maysville undertaker, who took it to that city Friday afternoon for burial.

Kuhn is survived by his widow, two daughters and one son.

The funeral of Kuhn took place at the family home on West Second street, in Maysville, Sunday afternoon at two o'clock, with services conducted by Rev. John Barbour, of the First Presbyterian church. The interment followed on the family lot in the Maysville Cemetery.

CUT WEEDS NOW

The Health Department wishes to call the attention of property-owners and tenants to the necessity of cutting weeds and destroying mosquito-breeding places.

It takes but a few minutes to inspect your place and turn over any cans or receptacles full of water—these are the usual mosquito-breeding places. To destroy such foci, to cut your weeds, helps your neighborhood and yourself. Do it now and save trouble.

INTERESTING MATTERS DISCUSSED AT CHIROPRACTIC MEET

The daily press of Davenport, Iowa, continues to devote columns to the recent meeting of the National Chiropractic Lyceum, held in that city, which was attended by over eight thousand advanced practitioners from all parts of the world. Dr. S. P. Mohnhey, of Paris, who attended the sessions says he has never seen such enthusiasm displayed by any organization within his knowledge. Men and women vied with each other in extending hospitality, and members of the Chiropractic profession furnished interesting papers and addresses for discussion each day. One of the matters of most vital interest discussed was that of "Better Babies," which drew forth many remarkable facts.

Dr. A. B. Hender, dean of the D. S. C., and whose professional duties have been bringing babies into the world, took for his subject, "Better Babies." In starting Dr. Hender remarked that the faculty hadn't kept him very busy of late, which he regretted very much, as he was losing opportunities of telling them how to produce better babies.

Dr. Hender said that better babies could not be reared on bottles. The common opinion that the mother's milk was not good for the baby for the first three days was erroneous in almost all cases, for the reason that mother's milk contained the very laxative that the child needed to flush the intestinal tract of the babe of the collected broken down tissue. When the mother's milk was given the baby started off properly and early sicknesses was frequently avoided.

He said that the general impression that preparation for the baby in selecting predigested foods for the expectant mother was necessary, was carried to a hurtful degree. The real better baby began soon after birth at its earliest feeding. If the mother is under par the proper thing to do was give natural foods and have her take adjustments to free possible nerve impingement.

He interestingly told what the different crisis of the babe meant. He said the babe could not talk articulate language, but it had certain sounds that meant just as much—among them were cries of pain, hunger, cold, fear and nervousness. It was the duty of every mother to know what these were and give attention at once. He advised the mother to always give a drink of water when she wasn't able to properly interpret the cry; water is always safe and satisfying.

For better babies, the speaker said, a propaganda must be made on mothers to feed the babies their own milk. His talk was instructive and helpful.

Craig M. Kightlinger, president of the Eastern College of Chiropractic, Newark, New Jersey, gave an interesting talk on publicity and co-operation. He said that for the benefits of Chiropractic to become nationally known a consistent campaign of publicity was an absolute essential. He said that in the work of his college, which in the past four years has grown to an enrollment of several hundred, the same methods of advertising and indeed the same methods are used by the P. S. C. were adopted.

Dr. Vedder, chairman, read a letter from Dr. Linden McCash who is in the Alameda county, California, jail for the second time rather than pay \$100 to the fund, which is alleged, goes to prosecuting the Chiropractors. He gave the number of postcards, letters and packages received by him. He said the jailer objected to his being there as he gave him so much work to do assorting his mail. He said a fine sentiment was being created in California by the fact that prisoners who have gone to jail for a principle was gaining so much favorable publicity from their many friends.

Another remarkable address, Dr. Mohnhey said, was one delivered by Major Dent Atkinson, on the subject of "Chiropractic." Among other things Maj. Atkinson said:

"The lyceum has brought out certain well defined ideas—crystallizing our opinions into a strong conviction—namely that Chiropractic is growing by leaps and bounds, not only in this country, but in many lands across the sea.

"We also note the growth of the chiropractors themselves. Prosperous without as their limousines testify. Big and tolerant within as meeting 'the world, the flesh, and the devil' has made them so. They have taken their place as leaders in their community. Contact with the world has improved them, and every one of them contentedly wouldn't change places with a king (some kings anyway.) We further notice that all skeptical are now its warm adherents.

"History repeats itself—no great movement like the present one has ever been overthrown from without. The normal growth of chiropractic has nothing to fear from within, and that is why 8,000 standard-bearers are smiling in our midst. There

CONGRESSMAN CANTRILL ADDRESSES LARGE AUDIENCE OF GROWERS.

In a characteristic speech Congressman J. Campbell Cantrill addressed a large audience at the court house yesterday afternoon, composed of representative tobacco growers and farmers of the county, on the merits of the co-operative Burley tobacco marketing plan, which is making new converts daily. Mr. Cantrill was introduced to his auditors by Mr. Samuel Clay, Chairman of the Bourbon county branch of the Association, in a neat speech.

Mr. Cantrill spoke for over two hours, during which time he held the undivided attention of his auditors by a plain, simple but eloquent and convincing talk on the merits of the marketing plan. He told of being in Owensboro a few days ago, and at other places where he cited Bourbon county as a model for the other counties to follow, and that he believed the county would reach a full one hundred per cent. in its canvass by the fifteenth of November. His speech bristled with an array of facts and figures on a subject with which none is better acquainted than himself, and ended with an eloquent plea for those who had not signed the contract to do so at once, as a means of protection against the gigantic tobacco trust which sought to take from them their hard earned money. His speech was a splendid one, and brought out applause on all the telling points. At the conclusion of the address Mr. Cantrill was surrounded by admirers and congratulated on the success of his mission.

According to a statement made by Samuel Clay, Chairman of the Bourbon county branch of the Association, fully seventy-five per cent. and possibly more of the tobacco crop in Bourbon county this year has been pledged to the co-operative plan, including a total of 6,767,000 pounds, with twenty contracts not included. The work of the organizers will not stop with this, but will continue until ninety-five per cent. and if possible, one hundred per cent. is secured in pledges for the Association plan. Bourbon county is the first in the State to secure the desired amount pledged.

The following is a list of signers of the contract up to and including Friday, yesterday's list not being reported:

LIGHTNING STRIKES HOME

During an electrical storm which prevailed yesterday afternoon a bolt of lightning struck a chimney at the home of Mr. and Mrs. L. B. Purnell, on Pleasant street. The lightning passed down the chimney flue, tearing a hole in the side of the wall, and passing out an open door. In its wanderings the lightning scattered a cloud of soot through the house, but doing no further damage. Mrs. Purnell and daughter, Miss Rebecca Purnell, were in a front room at the time, and were unhurt. Everybody in the immediate vicinity thought the lightning had struck in his own place, and there was great consternation for a few moments.

is a happy outlook for much of fell prejudice is groggy it not dead. Opposition by statute is fast disappearing and on some near to-morrow a mislead and now uninformed public will wonder why it ever withheld welcome from chiropractic at all, and if present indications have any lessons for us at all it is that in 10 years there will scarcely be a town of a thousand inhabitants but what will have its chiropractor—and when that day dawns—wise ones will wage heads and say:
"I always knew chiropractic was royal because it had to arrive by such a thorny way."

BASEBALL NOTES

The Paris Ruggles team defeated the Mt. Sterling team in the game played Sunday afternoon at the Second street ball park. The final score stood 4 to 2. The feature of the game were the home run by Blakely, and the fielding and general good work of Oliver Mann, at third, and Woods, at second, for the Ruggles team. The batteries were: Paris—Camparoni and Carter; Mt. Sterling—Freeman and Dunavent; umpire, Robinson; time of game, two hours; attendance, 1,000. The score by innings.

R H E
Paris 130 000 00—4 8 3
Mt. Sterling, 000 000 020—2 6 2

The game scheduled for yesterday afternoon at the Second street park between the Ruggles and the Whistle Bottling Works team of Lexington, was cancelled by telephone on account of the Lexington catcher being crippled. Heavy rain and wet grounds would have put the game out anyway.

The next game in the Church League series will be played this (Tuesday) afternoon, weather conditions permitting, between the leaders, the Methodists, and the Baptist team. The game will be called at 2:30 p. m.

In a game Thursday between the Main street Bulldogs and the Mt. Airy Giants, two juvenile teams, the Bulldogs were the victors by the score of 13 to 3. Batteries: For Main Street—Tucker and Lenox; for Mt. Airy—Rice and Hinton. Umpire, James Quinn. A home run by Cahal for the Bulldogs was the outstanding feature of the game.

STRUCK BY BICYCLE

While alighting from an automobile in front of the Sweet Shop yesterday afternoon, Miss Valette McClintock was struck by a bicycle on which a boy named Ramey was riding, and slightly injured. She was taken to the home of her parents, Mr. and Mrs. Will G. McClintock, where a physician who had been summoned, attended to her injuries. She was not dangerously hurt.

TOBACCO DAMAGED BY HAIL

A hailstorm of unusual severity which visited the northeastern part of Bourbon county about three o'clock Saturday afternoon, did great damage to tobacco and other growing crops. Forty-six acres of tobacco on the farm of James Caldwell felt the full force of the hail, which riddled the leaves like shot. The tobacco on James McClure's farm near Paris also suffered great damage. In some places the leaves were torn from the stalks by the violence of the icy pellets. The hail fell over an area about a quarter of a mile wide. The hail was preceded by heavy wind and rain. Several stalks of tobacco brought to Paris by Lew Taylor and Monie Martin looked as if the leaves had been through a shotgun battle.

On the farm of Charles S. Ball, on the Maysville pike, near Paris, the hail riddled a crop of thirteen acres of growing tobacco. Mr. Ball stated yesterday that the damage was total, not a stalk standing being worth cutting. The wind also added to the damage one to the crop on James McClure's farm.

The hail was also very destructive in Scott county, ruining a great deal of tobacco. On the farm of Wm. L. Nutter, near Georgetown, about twenty acres of the weed ready to cut, was ruined. There was no insurance, except on the part owned by J. D. Wilson. Several acres of tobacco on the farm of J. D. Ewing were also ruined.

The hail was also very destructive to the tobacco crop being raised by Capt. Robt. Harbeson, on his farm near Paris. The tobacco, as in the other cases, was riddled through like a sieve, and ruined.

HUNTER HAS NARROW ESCAPE

Woodford Spears and Douglas Thomas, Sr., went dove hunting one day last week, and "thereby hangs a tale," as the fictionists put it. They took their stations in a field where they patiently waited the appearance of the elusive birds. The birds were slow in coming in. On the alert Mr. Thomas thrust his head from beneath its concealment, looking for signs of birds. Equally on the alert, Mr. Spears mistook Mr. Thomas' thatch for a poor, innocent, little dove, poured a load of shot in that direction. Three pellets struck Mr. Thomas near the nose, coming perilously near the eye, but doing no serious damage. Explanations and apologies followed, and all went well—but dove shooting for them was over that day.

Arguments are settled by facts, not by force.

BETTER TOBACCO PRICES AND THE TOBACCO ASSOCIATION

The low prices which growers received for tobacco last winter should convince every farmer in Kentucky that something is needed to save the tobacco industry. It is not surprising, therefore, that the bankers all over the Blue Grass and hill sections of the State are actively in favor of the Co-operative Marketing of Burley Tobacco; and that such a large number of growers have already signed the pledge. The plan is so simple and clear, and its application to the sale of tobacco is obviously so practical that growers need only to understand it to be eager to join.

The five-year contract, the seventy-five per cent. minimum, the election of directors according to districts; all districts representing equal amounts of tobacco; and the principle of each member having only one vote in the election of directors will give the organization a business structure that should insure its success.

But the features of the plan which are the most convincing are the five-year contract and the seventy-five per cent. minimum. The long term contract will enable the directors to acquire the facilities and equipment necessary to the proper handling of the tobacco as well as enable them to obtain an effective working personnel and develop a proper sales policy.

The seventy-five per cent. minimum will give the members of the Association the security of group action as against the helplessness of individual action. As it is now with each grower selling his tobacco individually, the weakness of his bargaining power, as compared with that of the manufacturer, will always force him to accept whatever price is offered him. For it makes little difference with the manufacturer whether he buys the tobacco of a particular grower, he can always purchase his supply from the 50,000 other growers of the district who are eager to sell as evidenced by the long lines of tobacco wagons that crowd the streets of every market town during the selling season. Among those fifty thousand are a large number who are financially incapable of doing other than immediately accepting the price offered them, no matter how low it happens to be.

This depressed price paid to those growers, who must sell immediately to meet their grocery bills and buy clothing, determines to a large extent the value placed upon all the tobacco in the district. But with the union of thirty or forty thousand growers selling together, the bargaining power of the weaker member is raised to a level with that of the stronger one; and the position of the larger grower is strengthened materially.

The plan is reasonable, it is sound, it is necessary. One needs only to understand it to be for it. The serious questions are these: Will the seventy-five per cent. minimum be obtained by the fifteenth of next November? Are the tobacco growers going to act now or will they wait until they have suffered longer, and are forced into a weaker and more serious financial position before they take action to better their marketing condition?

We leave it to your good sense, Mr. Grower, whether you are going to let slip by the opportunity to stabilize the price of your tobacco, and protect the value of your land by signing the Growers' Co-operative Contract.

We believe that as a sensible man, you are going to sign.

At Versailles, the committee representing the Burley Marketing Association reported 232,000 pounds of tobacco signed Tuesday. The necessary 75 per cent. is assured for the county, workers believe.

County chairmen of the Burley Tobacco Growers' Co-operative Association have been called by Organization Manager Joseph Passonneau to meet in Lexington this (Friday) afternoon at 2 o'clock to report the exact conditions in their various counties as to the number of pounds pledged and the prospect for an early completion of the campaign to sign up 75 per cent. of the crop to the marketing association.

Congressman J. Campbell Cantrill presented a forceful argument in a speech at the Opera House in Maysville, Tuesday, in behalf of the contract of the Burley Tobacco Growers' Co-operative Association, declaring that it presented the only solution of the problem of the tobacco growers of the burley district. At the close of the meeting 22,596 pounds were signed, making a total of 1,210,500 pounds for the county.

Three hundred tobacco growers of Franklin county heard Joseph Passonneau, organization manager of the Burley Tobacco Growers' Co-operative Marketing Association, and Jas. N. Kehoe, Maysville banker, warehouseman and farmer, speak at Frankfort, in explanation of the plan of the marketing association for the handling of the burley tobacco crop of Kentucky, Ohio, Indiana and West Virginia.

After the addresses 26 of the growers present signed contracts which represented a production of 210,000 pounds. County Chairman Bedford Macklin said that about 500,000 pounds previously had been pledged to the pool in Franklin county.

Veteran of Civil War Still Hale and Hearty

GEORGE D. SHAW, Springfield, Mass.

"To say that I feel twenty-five years younger, twenty-five years stronger expresses what Tanlac has done for me better than any other way I can put it," said Geo. D. Shaw, veteran of the Civil War, who now lives at 321 Walnut street, Springfield, Mass.

"I am now seventy-eight years old and I don't hesitate to say I have never known a medicine to equal Tanlac. For fifteen years I was subject to attacks of indigestion that were so bad at times I would have to lay up for a week or two. For a long time I lived on crackers and milk alone, as nothing else agreed with me.

"When I started on Tanlac I weighed only one hundred and seventeen pounds and my days were

thought to be numbered. I've been so wonderfully built up, I now weigh one hundred and forty-three pounds and my stomach is as sound as a dollar. In fact, I believe I could eat the old army rations again without it hurting me in the least.

"I never miss a chance of saying a good word for Tanlac and I would like to urge the boys of the 'Sixties' who are not feeling right to give it a trial, for I am sure it would put them in line again just as it has me. For a man of my age to have no physical ailment, to be well and strong and enjoy life as he did twenty-five years ago, is certainly something to be thankful for and there is nothing too good I can say for Tanlac."

Tanlac is sold at all first-class drug stores. (adv)

OVERTURNED LAMP CAUSES \$50,000 BLAZE

Fire, believed to have been caused by an overturned lamp in Hooper's grocery early Wednesday destroyed that building and Allen's Warehouse, the Old Homestead Hotel and Bowman's restaurant, in Bloomfield, Ky. Damage was estimated at \$50,000, partly covered by insurance. The warehouse housed farming implements. Calls for assistance were sent to Bardonia and Taylorsville, but those cities reported inability to help fight the fire.

EXPRESS APPRECIATION

THE NEWS, in an article in our last issue, took up the cudgel in behalf of dumb animals that have been abused by their owners, and suggesting the formation of a Human Society in Paris, if there is not already one in existence.

Since then we have heard many commendations of the start we have made, and modestly speaking, or writing, rather, we are glad. The people of Paris should realize the enormity of the offense committed, and the guilty ones should be brought to justice.

If there is a Humane Society here, it needs galvanizing into life, so that something may be done for the better protection of defenseless animals and the punishment of those who so cruelly use them. Let's have some action in the matter.

"HOSPITALITY WEEK" IN LOUISVILLE DURING STATE FAIR

Visitors to Louisville during the Kentucky State Fair, September 12 to 18, are to be made doubly welcome and their visits are to be made double worth while through the plans of the Young Business Men's League, which is promoting "Hospitality Week" to coincide with the State Fair date.

Smiles and handshakes are to be the "high sign" of the week and "What can we do for you?" is the password. Invitations by the thousands are being sent by Louisvillians to their friends, asking them to visit Louisville during the week. When a person is invited his name is turned into the office of the League by the person giving the invitation and a second invitation is sent.

The second invitation is accompanied by a coupon good for many valuable things when the visitors come to Louisville and registers. For instance, each person who accepts the invitation is to receive a "treasure chest" containing more than 100 samples of articles manufactured and sold in Louisville. The chests are the size of a small berry crate. Every article in them is of practical value.

Besides the treasure chests those who spend "Hospitality Week" in Louisville are to receive motion picture tickets, good for admission to theatres where big pictures are on the first-run circuit.

Every visitor is to wear a "guest" badge. Members of every business club, civic improvement club, luncheon club and other such organizations in Louisville have joined with the Young Business Men's League in plans to make welcome those who accept the city's hospitality.

There is nothing exclusive about the affair, it has been emphasized, and if there is any one in the State who has not been invited he is urged not to be "peevish" about it, but to get busy and write to his Louisville acquaintances, jacking them up for not inviting him.

Every Louisville business man has been supplied with plenty of cards, each entitling him to invite as many visitors as he wishes, so if any one gets left out it's because his friends are lazy, officials of the League say. Those invited are urged not to forget to register and obtain their "treasure chests."

"Cold in the Head"

is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HAL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh.

HAL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.

BACK FROM TRIP

S. E. Borland and his party of Paris people, who made the personally conducted river trip with him, returned to Paris, Wednesday morning, after a delightful vacation. The party left Paris on August 23, and made an all-river trip by steamer from Cincinnati to Pittsburg, stopping en route to visit Maysville, Portsmouth and other towns along the river. The trip covered a distance of a thousand miles, the entire expenses of the trip being only \$30. Music, dancing, games and other amusements formed a divertissement on board the steamer, while side trips to points of interest when the boat landed, contributed very much to the pleasure of the party. Mr. Borland says he already has several applications for the next trip, by Paris people who regretted not going this time, after learning what an enjoyable trip the voyagers had.

BOURBON WINNERS AT SHELBY FAIR

In the stock rings at the Shelby County Fair, recently held at Shelbyville, Ky., Bourbon County stockmen were highly successful with their exhibition stables of saddle and harness horses and mules.

In the saddle horse rings, the entries of Messrs. A. G. Jones and Letton Vimont carried away nearly everything they went after, and Mr. Jno. H. Marr, well-known Bourbon County mule dealer, was signally successful with his stable of high-class mules, winning blue ties over the best mules in the South.

The winning contests participated in by Bourbon exhibitors follows:

Best mare mule, three years and over, John Marr, first.

Best yearling mule, John Marr, first.

Best team of mule, John Marr, first and third.

In the sweepstakes ring for mules of all ages, Mr. Marr's entries won the first, second and third ties.

Letton Vimont's superb stable of Plantation horses cleaned up in the ring as follows: In the Plantation ring Lillian Mack won first; Blackman, a sorrel mare won second and Blackman, Kentucky Colonel, a likely looking black gelding, won the third premium. This ring was worth \$100 to Mr. Vimont, the stake being divided \$50 to first, \$30 to second and \$20 to the third. Mr. Vimont also won many blue ties at the Mt. Sterling Fair and again at the Ewing Fair recently, with his horses.

The stable of Messrs. Allie G. Jones & Sons accounted for themselves at Shelbyville as follows:

Horses were shown exclusively and all of the rings were well filled, but interest centered in the Sweepstake Saddle ring for a purse of \$1,000, in which there were eight entries.

A. G. Jones & Sons, of North Middletown, won first, second and third prizes with Bit O' Glory, Beverly King and Emily McCready, respectively.

Saddle stallion, 3 and over—A. G. Jones, 1st; H. D. Smith, 2nd.

Fancy buggy gelding or mare—A. G. Jones, 1st; C. L. Cook, 2nd.

In the sweepstakes for fine harness horses, for which a purse of \$250 was offered, A. G. Jones & Sons, of North Middletown, won first and second prizes, with Charles L. Cook, third.

Best team of mules, John Marr, 1st; C. L. Cook, 2nd; G. L. Howell, 3rd.

In the sweepstakes for combined horses A. G. Jones & Sons took first and second premiums, with Minton & Hughes third.

Mr. Marr, in company with his neighbors, Messrs. Letton Vimont, Charles Martin and George R. Stoker, will ship two car loads of show horses and mules to Lexington to-day to be exhibited at the Bluegrass Fair, Tuesday.

In Mr. Marr's consignment are six big show mules the equal of which will be hard to find anywhere. These mules run from yearlings to four-year-olds, and include two teams of animals that are said to be as near perfection as is possible to get them. Mr. Marr has been successfully engaged in the show mule business for a number of years and is considered an authority on this class of stock. He only recently returned from Sedalia and Springfield, Mo., and also from Illinois, where he acted as judge in a number of mule rings.

GIRLS! LEMONS

WHITEN SKIN AND
BLEACH FRECKLES

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

PARIS PLAYGROUNDS CLOSED

After a successful season, during which hundreds of Paris kiddies had a thoroughly enjoyable time, the Paris playgrounds closed with a program of events in the court house yard, and a parade by the children, headed by the Y. M. C. A. Boys' Band.

The program opened with a parade in which over 250 children took part, carrying banners bearing appropriate inscriptions. Headed by the Y. M. C. A. Band, the parade formed in the rear of the court house, moving up Main street to Tenth and return, disbanding in front of the court house. After the disbanding the exercises in the court house yard were held, preceded by a band concert. The program was opened with community singing under the direction of A. L. Boatright. The program comprised sack races, foot races, jumping and other athletic contests. The winners were awarded prizes, those taking second place being given red ribbons. Outdoor games, including Lobby Lou, Farmer In The Well, Dropping The Handkerchief, etc., were played, after which the children were treated to ice cream cones, ice cream and cake in the basement of the court house.

The exercises were conducted un-

der the direction of Mrs. Howard B. Carr, who has for several months been acting as director of playground work. Dr. M. M. H. Dailey, Rudolph Davis, C. B. Harrison, Misses Edith Stivers, Sara Power, Margaret Santen and Miriam Galloway.

The playgrounds, in connection with the Paris public schools, will continue. Mrs. Carr will be succeeded as supervisor of playgrounds and director of Community Service by Miss Nell Robbins, of Tupelo, Miss., who will also be instructor of physical training at the Paris High School.

DEATHS.

RILEY.

The funeral of Mrs. Elizabeth N. Riley, aged seventy-six, who died Sunday morning, of pneumonia, at the home of John Ferguson, on the Jackstown pike, will be held at the Ferguson home, at nine o'clock this (Tuesday) morning. The body will be taken to the Mt. Pisgah Cemetery in Fleming county, for interment. Mrs. Riley was the widow of Barton Riley, a pioneer resident of the Jackstown vicinity. Her only surviving relative was her nephew, John Ferguson, at whose home she had resided for several years.

HUFFMAN.

The body of Mark Huffman, aged fifty-four, who died at the family home in Hillsdale, in Bracken county, last week, was brought to Paris, where the funeral and interment took place Friday, with services conducted at the grave by Rev. Thos. Wood, of Brooksville. Mr. Huffman's death was caused by cancer.

He was a native of Bourbon county, residing in the Old Union vicinity, where the Huffman's constituted a large and influential family. He moved to Brooksville about ten years ago, with his niece, Mrs. A. P. Wheat, and engaged in the grocery business. Later he bought and moved to a farm near Hillsdale, where he resided to the time of his death. He is survived by one brother, Wm. Huffman.

HILL.

Following an illness due to a complication of diseases, Mrs. Hattie Hutchcraft Hill, aged seventy-four, one of the best-known women in Central Kentucky, died at seven o'clock Friday morning, at her home on East Eighth street. Mrs. Hill has been practically an invalid for twenty years, in the past year being confined to her bed.

Mrs. Hill was a daughter of the late Mr. and Mrs. James Hutchcraft and was born at the old Hutchcraft homestead, near Stony Point, in this county in 1847. She received her early education in the schools of the day, graduating with honors from the old Daughters' College, at Harrodsburg. Early in life she chose art as a profession, and studied under the best masters of the times, in Cincinnati, New York, Boston and Philadelphia. Going abroad she spent seven years as a pupil at the famous Julian Academy, in Paris, France. There she pursued her art studies under such noted artist-teachers as Benjamin Constant, Jean Paul Laurens, Jules Lefebvre and Boutet de Monvel. Mrs. Hill was successful in having two of her pictures accepted and hung on the walls of the French Salon, one being a still-life painting, "The Lobsters," and the other a beautiful marine view, both winning high praise from the critics. She became noted as an earnest and conscientious student in art circles, and

her work gradually brought the reward of its own merits. Her canvases grace the walls of such noted collectors as Sara Bernhardt, Ella Wheeler Wilcox, Olive Percival, Mrs. Birdie Pollock Graham, Frank Bicknell, Henry Swope, George Gray Barnard, and others of equal note. Likeness of several former Judges of the Bourbon County Court, from her brush, adorn the walls of the County Court house. Mrs. Hill was a woman of culture and refinement, and one whose artistic temperament was coupled with a genial disposition which made her hundreds of warm friends. She was ever cheerful, entertaining, instructive and inspiring. The funeral was held Saturday afternoon at four o'clock, with services conducted at the grave in the Paris Cemetery by Rev. J. T. Sharrard, assisted by Rev. C. H. Greer.

The active pall-bearers were William Miller, Clay Sutherland, Chas. W. Fithian, Harry Brent Fithian, Walter Kenney, Jr., Harry Hutchcraft, Winn Hutchcraft and Robert Rose; honorary: Charles H. Bowyer, D. R. Thompson, James M. O'Brien, Wm. R. Blakemore, George W. Williams and Charlton Clay.

LAW VIOLATORS FINED

Violators of the game laws are finding out that justice will not be tampered with in this county. In the County Court yesterday County Judge George Batterton heard testimony submitted in the cases of Weston Holmes, Thomas Palmer and Walter Mark, all of Bourbon county, charged with hunting without the required licenses. They were fined \$23.50 each. The arrests were made at the instance of members of the Bourbon County Game Club and the county game Wardens.

STORE ROOM LEASED

The vacant store room on Main street, recently vacated by B. Friedman, belonging to the J. T. Hinton estate, has been leased for a term of years to George L. Hale, who will open a retail business. Mr. Hale will put in a big stock of food products in packages, fruits, etc. Mr. Hale took possession of the store immediately.

LEG BROKEN BY KICK

While driving a horse and a mule attached to a farm wagon on the Lexington pike, near Hutchison, yesterday Alonzo Ginn, brother of Jas. Ginn, of Paris, was painfully injured by being kicked by the horse, his right leg being fractured.

The mule in a playful humor, nipped the horse, which returned the compliment with a vicious kick. The blow landed on Mr. Ginn's legs instead of the mule's. His left leg was severely bruised by the horse's hoof. He was taken home and given medical attention.

BOURBON CASES IN COURT OF APPEALS.

The docket of the Court of Appeals of the fall, 1921 term, which begins on Monday, September 19th, consists of 29 criminal cases and 309 civil cases. Of these the following are from Bourbon county: Willett, etc., vs. Willett, Admr., etc.; Smith & Earlywine, etc., vs. Payne, Agent, etc.; Dalzell vs. Bourbon County Board of Education, etc.; Clay vs. Clay.

These cases will be called for submission on September 21, and if ready will be submitted. A case is considered ready when the brief for appellant has been filed. In the event that the appellant's brief or either an argument or motion for extension of time to file brief, has not been filed the case is dismissed; if steps for extension of time have been taken it is passed. Passed cases are called for submission on the second call of the docket, which is set by Roy Speck, Clerk of the Court of Appeals, for some day during the latter part of the term, and, if ready, are submitted; if not ready, they are either dismissed or continued to the next term. Submitted cases do not go to the Court for immediate consideration and decision, unless advanced, but remain in the keeping of the Clerk until called by the Court for consideration. The extent of this period varies from six to eight months or more.

Bourbon county is in the Fifth Appellate District and Judge Wm. Rogers Clay, of Lexington, is the Appellate Judge from the district.

AGED COLORED MAN DEAD

Richard Kelley, aged eighty-three, one of the best-known colored residents of Paris, died yesterday afternoon at four o'clock, at his home in Ruckerville, after a long illness due to the infirmities of age. Though born in slavery, he found means to acquire the rudiments of an education, and was possessed of considerable property at the time of his death. He was president of the Paris Colored Cemetery Association, and was held in high esteem by both white and colored. His code of honor was to owe no man anything, and in all his life he held to the strict principle of that code.

ARM BROKEN IN FALL FROM HORSE

Miss Helen Hutchison, of Huntington, West Virginia, received a broken arm and serious bruises late Saturday afternoon when a horse she was riding became unmanageable and threw her to the ground with considerable force. Miss Hutchison is a sister of Mrs. T. S. Smylie, and was visiting at the home of Mr. and Mrs. Steele Marsh, near Paris, when the accident occurred. She was taken to the Massie Memorial Hospital for treatment, and was reported to be resting well last night.

CLAUDE M. THOMAS ADDRESSES CLARK COUNTY GROWERS

Hon. Claude M. Thomas, of Paris, was the principal speaker Saturday at an enthusiastic and largely-attended meeting, of Clark county tobacco growers held in the court house at Winchester. Mr. Thomas delivered a forcible and eloquent address, urging acceptance of the cooperative plan of marketing burley tobacco. The growers expressed their appreciation and endorsement of the plan and promised their support to the movement.

ALLEGED BOOTLEGERS ARRESTED

Charged with having liquor in his possession for purpose of sale John Cain, of Paris, was placed under arrest Saturday night by Patrolman Robt. Lusk. He was later released on a bond of \$300 to appear in court to answer the charge. It was alleged that Cain at the solicitation of Anne English, procured her a bottle of whisky, and was in the act of delivering it when the officer appeared on the scene and placed him under arrest. Anne English was summoned as a witness in the case. Cain recently completed a jail sentence after having paid a fine of \$250 for transporting liquor in a truck from Covington to Paris.

Later in the same night Chief of Police Link and Patrolman Lusk, armed with search-and-seizure warrants, paid a visit to the rooms on Main street, between Seventh and Eighth, and seized a quantity of moonshine liquor, which, it was said, had been brought to Paris in an automobile by a man from Cincinnati. Following the search of the rooms, L. T. Leach and Bert King, both white, were placed under arrest on a warrant charging them with having liquor in their possession for the purpose of sale. They furnished bond in the sum of \$300 each, and will be given a hearing in the Police Court before Police Judge Ernest Martin, Saturday.

MAY PROVE FATAL

When Will Paris People Learn the Importance of It?

Back ache is only a simple thing at first;

But if you find 'tis from the kidneys;

That serious kidney troubles may follow;

That dropsey or Bright's disease may be the fatal end—

You will be glad to know the following experience.

"Tis the statement of a Paris citizen.

Mrs. A. T. Alexander, 720 Vine street, says: "A few years ago I had an attack of kidney trouble and for a time I was unable to do my housework because of the severe pains across the center of my back. Many a night I couldn't get a wink of sleep on account of the misery in my back. My feet and ankles would swell so badly that I would have to wear large bedroom slippers. I had pains in the top and through the back of my head, too. As soon as I began using Doan's Kidney Pills I got relief and I am pleased to recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Alexander had. Foster-McBarn Co., Mfrs., Buffalo, N. Y.

A Kick as Visitor Enters.

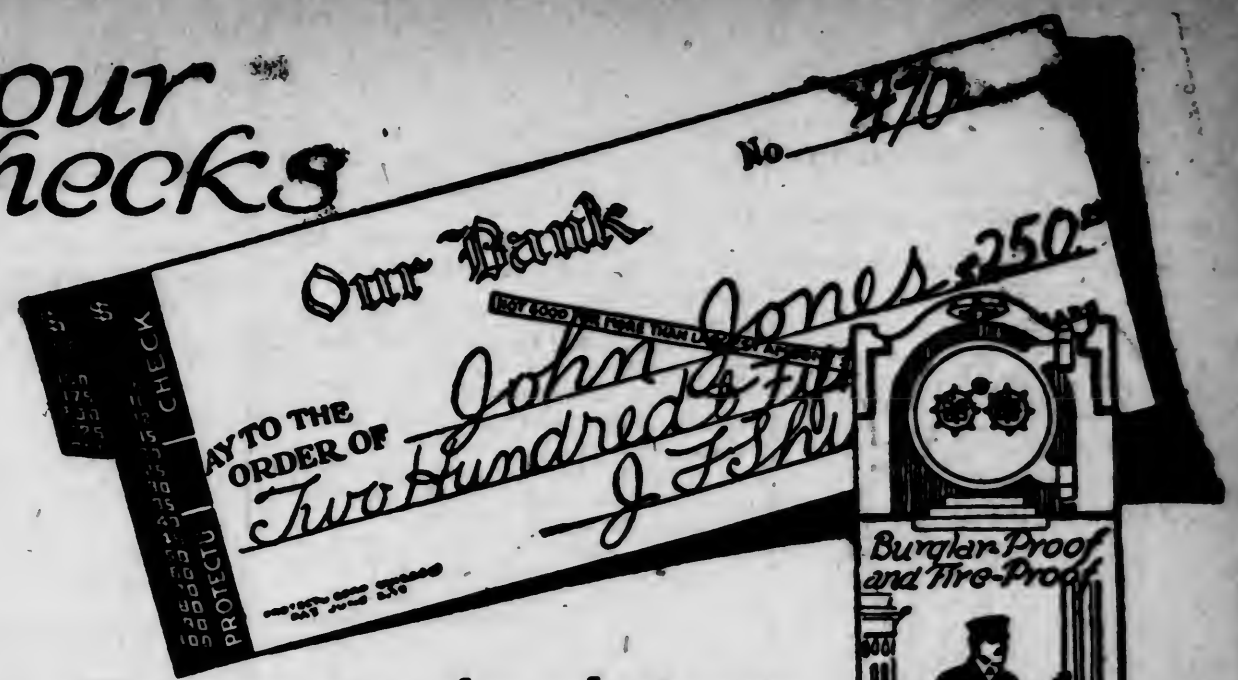

That a sense of humor is not altogether quenched by the humdrum of work in a government office is evidenced by a placard which appears on the door of a department of the pension ministry in London. It reads: "Everyone closes our door—except you."

Iodine Stains.

To remove iodine stains, put some old cloth in a pan and light it, letting it smolder. Hold the stain in the smudge. The stain will gradually disappear. Wash the material in cold water.

Optimism doesn't mean anything unless it is tempered with judgment.

Your Checks

Safeguarded, too

In our Bank we use every known method for protection of our depositors. We have adopted the Protectu Check System for the benefit of our depositors so that the amount of their checks may be safeguarded against being "raised" should they be lost, stolen, or fall into dishonest hands.

With the Protectu Check System, you can write your check for a given amount and by a cutter attached to the cover, you can then tear off the check at the desired amount [like a money order]. No check raiser can then raise your check for five to five hundred or ten to one hundred dollars.

These new Protectu Checks are supplied to all our depositors with checking accounts without cost.

If you are considering opening a checking account, call at our bank and see this improved service that we are furnishing our patrons.

RENAMES BOARD OF ELECTION COMMISSIONERS

At Frankfort, Wednesday, the State Board of Election Commissioners held a meeting and completed the task of making out certificates of nomination, and named the County Boards of Election Commissioners.

No change was made in Bourbon county, the present Board composed of Judge Denis Dundon, Democrat, and M. C. Jacoby, Republican, holding over.

Judge A. T. Patrick was awarded the Republican nomination for Circuit Judge in the Thirty-first district, composed of Knox and Floyd counties. C. B. Wheeler, his opponent, defeated by seven votes on the returns, said he would contest. Judge Patrick, who was entered in both primaries, has filed a contest for the Democratic nomination against W. W. Williams.

Extensive Canadian Province.

An area equal to three times the area of France, which is 215,895 square miles, could be cut out of the province of Quebec and there would remain an area twice that of Hungary.

TO-DAY "IDOLS OF CLAY" With MAE MURRAY and DAVID POWELL

A PARAMOUNT PICTURE

The man had worshipped a beautiful woman. Had laid all his love and hopes at her feet. Only to find her a cold and killing mockery. The girl had worshipped her father. Thought him a saintly benefactor of men. Only to find him a murderous rogue. So here life had tumbled them—broken, hopeless, abandoned—a little more clay in a mire of an underworld dive. But the clay was warm with youth, and in it a glimmer of old, fine dreams. A screen romance like nothing ever shown before. Athrob with stirring events. Alluring in its beauty. Warm with the beat of hungry human hearts.

MATRIMONIAL

—A marriage license was issued Saturday from County Clerk Pearce Patton's office to Wm. T. Moreland, 21, of Paris, and Miss Sallie Arnold, 17, of Lair.

SCOTT—DOWNING

—Enos Downing, 22, son of Mr. and Mrs. Fred Downing, of Escondido, Bourbon county, and Miss Frances Scott, 22, daughter of Mr. and Mrs. Lee Scott, of Nicholasville, secured a marriage license in Paris, Saturday, and were married at the home of the officiating minister, Rev. C. H. Greer, pastor of the Paris Methodist church. Mr. Downing is an employee of the Louisville & Nashville, at this point.

SHAW—JUDSON

—Miss Sylvia Shaw and Mr. Clay Judson, both of Lexington, were married recently in Chicago. Only a few friends were present for the ceremony and the wedding supper which followed.

Mr. Judson is a son of Col. and Mrs. Wm. V. Judson, and a grandson of Mrs. Sidney Clay, formerly of Bourbon county. He is an attorney. After a wedding trip, which is expected to take in Lexington, Mr. and Mrs. Judson will return to Chicago to reside.

BARR—CLAY

—Miss Florence Barr, daughter of Mr. and Mrs. A. J. Barr, of Carlisle, and Luther Clay, son of Mrs. Alice Clay, of Miranda, Nicholas county, were married in Mt. Sterling by Rev. R. C. Goldsmith, former pastor of the Paris Baptist church. The bride has for the past three years been linotype operator on the Carlisle Mercury, and has frequently visited friends in Paris. Mr. Clay is a prosperous young farmer.

HOTZE-BREEZE

—The Maysville Bulletin has the following matrimonial note of interest to many Paris people:

"Miss Florence Hotze and Mr. Madison L. Breeze were married in this city, at the parsonage of the Third Street M. E. Church, Rev. W. S. Peters, the pastor, performing the nuptial ceremony.

"The bride is a daughter of Mrs. Ed. Hatton, a graduate of Maysville High School and bookkeeper for C. P. Dietrich & Bro., florists, the past two years. The groom until recently was a resident of Paris, Ky. He has lately been employed in Maysville. After the wedding the newly-wedded couple motored to Cincinnati, from where they go to Hamilton and Columbus, O., on a honeymoon trip."

BOURBON FISCAL COURT

The Bourbon Fiscal Court, with Judge George Batterton presiding, and a full Board of Magistrates present, at its recent meeting, after making provision for payment of claims against the county, ordered \$7,717.92 paid the Bourbon County Road Commission for expenses incurred. A rock crusher was ordered sent to the Centerville precinct to work on the roads.

A committee composed of County Attorney D. D. Cline, John S. Tabbott and E. P. Thomason, was appointed to draft resolutions on the death of John T. Collins.

A committee composed of Magistrates L. J. Fretwell, Lee Stephenson and County Attorney D. D. Cline was appointed to audit the settlement of County Superintendent of Schools J. B. Caywood. The Court authorized County Judge Batterton to borrow \$50,000 from the Security Trust Company, of Lexington, to be used until December 1, 1921, for road and bridge expenses of Bourbon county, the notes to be paid out of the revenue for the fiscal year.

The Greek silver talent was worth about \$1,000.

RELIGIOUS

—The Elkhorn Baptist Association, composed of messengers from thirty-three Baptist churches in Fayette, Woodford, Bourbon, Jessamine, Scott and Franklin counties, will hold its 136th anniversary with the Providence Baptist church at Woodlake, Franklin county, Wednesday and Thursday, September 7 and 8. The moderator is John W. Stout, of Mt. Vernon church, Woodford county. The introductory sermon will be preached at 11:30 o'clock Wednesday morning by Rev. Arthur Fox, pastor of the Paris Baptist church. Rev. Fox is on the program for the second day, with a report on "Prohibition."
